

Lifelong Resistance to Spills and Stains

Remarkable performance, unsurpassed durability and so easy to maintain!

CLEANING STEPS:

1. Blot up liquids on the surface with a clean, soft towel.
2. Prepare a cleaning solution (see recommendations below).
3. Apply solution sparingly with a misting spray bottle. Work into affected area by lightly scrubbing the area with a soft-bristle brush. Make sure to rub from outside of stain inward so as not to spread the stain.
4. Rinse area thoroughly to remove all soap residue, as residue will attract dirt.

Repeat steps 3-4 as needed. Use a low-heat hair dryer or allow fabric to air-dry.

Cleaning Solution Recommendations

1/2 TSP TIDE® TO 1 CUP WATER FOR:

Beer	Crayon	Mayo
Betadine	Grape Jelly	Milk
Butter	Grape Juice	Red Gatorade
Charcoal	Gravy	Soy Sauce
Pencil Marks	Ink (ballpoint)	Suntan Lotion
Chewing Gum	Iron Rust	Tea
Chocolate	Italian Dressing	Tomato Juice
Coffee	Ketchup	Wax (candle)
Cola	Lipstick	Wine

Tips & Tricks

Make sure to clean away excess mess first.

Use as little solution as possible.

Brush stains inward, not outward.

Use a clean white rag or paper towel (without design or printing).

Always use a dry section of the rag for soaking up liquids.

Be sure to rinse thoroughly, possibly multiple times.

Performance Attributes

Nanotex aSure residential fabric provides built-in spill resistance. Each fiber has been fundamentally transformed to create an indoor fabric that:

Repels stains and spills

Delivers performance durability

Meets or exceeds 30,000 double rubs

Retains fabric's natural softness

Provides exceptional cleanability

Allows fabric to breathe naturally

Ensures lasting beauty and longevity

Free of harmful chemicals

Does not inhibit the ability to be recycled

Nanotex aSure helps extend the life of furniture while satisfying the consumer's ever-evolving needs.
