PERFORMANCE DRIVEN

WHY CHOOSE MAXWELL FABRICS?

The guiding principle of our development process is that good design is not simply about visually-pleasing aesthetics; it must be accessible, functional & perform in real life. Performance means so much more than high double rubs. The Maxwell commitment to performance begins with service & extends to the technical & aesthetic elements of our products. Maxwell Fabrics works with innovative suppliers & technologies to ensure that our textiles & wallcoverings bring a residential hand and styling to the realm of performance-driven contract design.

The Fall 2025 collection brings 7 new programs, including Curled Up 10 and Act 10 of Home & Garden with fresh sheers. We're also debuting three new Performance Textures books and continuing the success of Wide Width Basics with its 3rd edition.
